TO ALL WHOM THESE PRESENTS MAY COME, GREETINGS:

WHEREAS, on March 6, 2020, I issued Executive Order 20-02 [[20200311-IR-GOV200091EOA](#)] which declared a public health emergency exists throughout the State of Indiana as result of the coronavirus disease 2019 (COVID-19) outbreak in the United States and a confirmed report of the disease in our state;

WHEREAS, the virus has now spread to every county throughout Indiana. On March 6th, the ISDH confirmed the first case of COVID-19 and on March 16th, the ISDH reported the first death in Indiana due to COVID-19. Within the span of 6 weeks, Indiana now has 8,527 confirmed cases with 387 deaths. Unfortunately, we expect these numbers to continue and rapidly increase in the days ahead. On April 3, 2020, I extended the declaration of a public health emergency for an additional thirty (30) days;

WHEREAS, the financial impact on Hoosiers has been significant and severe with over 300,000 Hoosiers applying for unemployment in the first 3 weeks of the public health emergency;

WHEREAS, despite significant steps being taken in our State, this virus remains a serious threat to the health, safety, and welfare of all residents of Indiana;

WHEREAS, those who work in clinics, hospitals, and care facilities are the dauntless heroes fighting this disease and are being stretched to capacity and beyond, requiring additional steps to reinforce them;

WHEREAS, as Governor, under Indiana's Emergency Management and Disaster Law, Ind. Code ch. 10-14-3 ("Emergency Disaster Law"), I have been given broad authority to take actions necessary to prepare for and respond to the prompt and efficient rescue, care and treatment of persons victimized or threatened by disasters, which include an epidemic, public health emergency and any other public calamity requiring emergency action;

WHEREAS, as Governor, my authority and powers under the Emergency Disaster Law to declare and respond to public health emergencies on behalf of our State, specifically include:

- making, amending and rescinding the necessary orders, rules and regulations to carry out the response to a disaster;

- allowing persons who hold a license to practice certain health care and other professions to practice their respective professions in Indiana during the period of the state of emergency if the state in which a person's license or registration was issued has a mutual aid compact for emergency management with Indiana.
